

AMITABH CHARJAN

INTEGRATED PROGRAMME IN MANAGEMENT • IIM JAMMU

ipm25017@iimj.ac.in | linkedin.com/in/amitabhcharjan | Aurangabad, Maharashtra

PROFESSIONAL SUMMARY

Second-year IPM student at IIM Jammu with demonstrated strength in entrepreneurship, marketing, and structured business problem-solving. Builds data-driven recommendations through market research, computational simulation, and cross-functional teamwork; brings hands-on experience organizing entrepreneurship events and delivering live industry projects in digital marketing.

EDUCATION

Indian Institute of Management Jammu

2025 – Present

Integrated Programme in Management (IPM), 2nd Year

Relevant Coursework: Marketing Management • Principles of Management • Computational Thinking • Statistics • Economics • Business Communication

POSITIONS OF RESPONSIBILITY

Member • Entrepreneurship Development Cell (EDC), IIM Jammu

2025 – Present

- Planned and executed entrepreneurship-focused campus events end-to-end, coordinating logistics and cross-team execution to ensure seamless delivery.
- Launched the Local Business Visit Series, connecting students directly with founders to build practical exposure to real-world operations.
- Collaborated with EDC members to strengthen entrepreneurial culture and student engagement across campus.

Member • Project and Product Management Club (PPMC), IIM Jammu

2025 – Present

- Engaged in workshops on product strategy, user-centric design, and project lifecycle management to build structured problem-solving skills.
- Partnered with peers on club initiatives to sharpen analytical thinking and cross-functional collaboration.

LIVE INDUSTRY EXPERIENCE

Social Media Management Trainee • Divuzl Virtual Live Project Program

15 Days

- Designed social media content strategies focused on branding, audience engagement, and digital marketing best practices.
- Collaborated with mentors and a cross-functional team to solve business-oriented tasks in a live, professional virtual environment.
- Awarded Certificate of Performance for Outstanding Performance.

ACADEMIC PROJECTS

Simulation of Nescafé Daily Operations — Principles of Computational Thinking

- Built a computational simulation of outlet operations modeling customer flow, order processing, and resource allocation to identify service bottlenecks.
- Applied logical and computational thinking to propose workflow improvements that reduce operational inefficiency.

One District One Product (ODOP) Market Research — Marketing Management I

- Led team-based market research on an assigned ODOP product, analyzing customer segments, competitors, and branding gaps.
- Delivered promotional recommendations to strengthen product visibility and commercial potential.

Organizational Management Case Study — Principles of Management

- Evaluated organizational structure, leadership practices, and decision-making processes within a live business context.
- Proposed practical recommendations to improve managerial effectiveness and operational efficiency.

ACHIEVEMENTS & EXTRACURRICULARS

- Secured 3rd Position in Cross Pitch, an EDC business pitching competition, for entrepreneurial ideation and persuasive delivery.
- Served as Campus Ambassador for IIMUN, driving Model United Nations participation across campus.
- Represented at Youth Parliament and Diplomat MUN conferences, developing negotiation, diplomacy, and policy analysis skills.
